KDU

KDU Group has established itself as the leading integrated solutions provider in Electrical, Automation, Navigation & Communication Systems for Merchant Marine and Offshore industry since its inception in 2005. Through the hard work of our efficient team, We are also one of the key solutions providers in Land based electrical solutions. We offer and commit to supply our clients with bespoke solutions through our fast- growing network of offices in the Far East, Indian Subcontinent, Middle East, Europe and West Africa.

KDU Group ensures to prepare its crew with the latest technology and training to enhance the level of services we offer, and thus highly skilled team of Service engineers are available 24/7, with no exceptions to time and location, to provide our clients hassle free services. We ensure that our products and solutions promulgate good quality, and our services and deliveries are tested through standardized quality templates to keep the quality management at the highest priority.

With our certified and experienced Project Management team at KDU, we offer turnkey solutions from our wide range of expertise with a commitment towards delivery time lines and assurance towards providing superior services through our comprehensive setup of Warehouse, Workshop and Production Unit, in the heart of two of the economically thriving states of Emirates - Dubai and Sharjah.

Navigation System

- Integrated Bridge System
- Radar
- Echo Sounder
- VDR
- ECDIS
- Gyrocompasses
- Speed Logs
- Anemometers
- DP System
- Naval Systems

Communication System

- GMDSS Equipments
- Internal Communication Systems
- Satellite Communication / VSAT TVRO
- Airtime Packages
- WIFI/Mobile Connectivity Solutions
- Portable Radios
- VSAT and TVRO Systems

Nautical Charts & Publications

- Admiralty Paper Charts & Publications
- Admiralty Digital Charts & Publications
- IMO & ITU Publications
- Nautical Logbooks & Equipments
- Fleet Management Solutions

Monitoring & Control

- CMAC 3000: Alarm Monitoring & Control System
- Tank Gauging System
- Flame: Boiler Control System
- Cargo Monitoring & Control System
- Valve Remote Control System
- Propulsion Control System
- Hull Stress Monitoring System
- Addressable Fire Detection System
- Fixed Gas Detection System
- Instrumentation
- Bearing Condition Monitoring
- Oil Discharge Monitoring Equipment
- Crank Case Oil Mist Detection System

Green Ship Solutions

- Fuel Efficiency Monitoring System
- Ballast Water Treatment System
- Hybrid Systems
- TPM SHaPoLi Shaft Power Limitation

Electrical Solutions

Electrical - Marine

- MV & LV Switchboards (Main & Emergency)
- Distribution Panels (AC & DC)
- Lighting & Switching Panels (AC & DC)
- Power Management Systems (Generator Protection and Control Systems)
- Lighting solution for Oil & Gas / Marine

Electrical - Industrial

- Energy Management System & Synchronization for DG Sets
- Automatic Load Shedding Solution
- Solar Hybrid Solution
- Remote Monitoring Solution

Maritime Training Simulator Range

- Integrated Simulation Solution
- Full Mission Bridge Simulator
- Full Mission Engine Room Simulator
- Multifunction Classroom Simulator
- Cargo Handling Simulator
- Crane Simulator
- DP & Offshore Simulator
- VTS Simulator

Aids to Navigation

- Marine Buoys & Lanterns
- Racons & Rotating Beacons
- Lighthouse Equipments
- Oceanography Sensors
- Oil Spill Detection Solutions
- Laser Berth Aid System

Maritime Domain Awareness Solutions

- Vessel Traffic Monitoring System (VTS/VTMS)
 - Coastal Surveillance System
 - Intrusion Detection System
- SAR, COSPAS – SARSAT Solutions
 - Coastal Radio Solutions
- AtoN Remote Monitoring & Management Solutions
 - AIS Data Management & Distribution System
- River Information System (RIS)- Inland Waterways
 - Port Management Information System (PMIS)
